STATEMENT AS TO NATURE AND TURNOVER OF A CORPORATION

All applicants are liable to pay a fee upon the lodgement of an application. In the case of a corporation, the amount of that fee is determined by whether the corporation is a not-for-profit entity or had an annual turnover of less than \$200,000 in the last financial year.

All corporate applicants will be assessed at the higher rate set out in the Attorney-General's Fee Determination, unless they fall into the category for a lower rate.

To be eligible for assessment at the lower rate, this form must be submitted with the application or response. A "corporation" is noted in the Attorney-General's Fee Determination as including a body corporate, companies, incorporated associations, owner corporations under the *Unit Titles Act 2011*, authorities incorporated by statute, corporations sole incorporated by statute, cooperatives etc.

For ACAT applications, a corporation pays fees at the rate set out for corporations in the Fee Determination **unless** they are one or more of the following:

1. A not-for-profit corporation; OR
2. A corporation that had an annual turnover of less than \$200,000 in the last financial year.

If the corporation falls into either or both of into these categories, the applicable fee is assessed as being that applying to an application by a natural person.

If the lower rate is sought, a corporation through its duly authorised representative should complete this form, indicating which of the headings it falls under, and indicating the source of the authorisation to make this statement.

Corporations and their representatives should be aware that investigations into the information supplied will be randomly made by ACAT to ascertain the accuracy of the detail supplied.

Your attention is drawn to the *Criminal Code 2002* section 332:

Obtaining financial advantage by deception

A person commits an offence if the person, by deception, dishonestly obtains a financial advantage from someone else.

Maximum penalty: 1000 penalty units, imprisonment for 10 years or both.
